A problem has been detected and windows has been shut down to prevent damage to your computer.

The problem seems to be caused by the following file: SPCMDCON.SYS

PAGE\_FAULT\_IN\_NONPAGED\_AREA

If this is the first time you've seen this Stop error screen, restart your computer. If this screen appears again, follow these steps:

Check to make sure ~~any newly installed hardware or software~~ is properly installed. If this is a new installation, ask your hardware or software manufacturer for any Windows updates you might need.

If problems continue, disable or remove any newly installed hardware or software. Disable BIOS memory options such as caching or shadowing. If you need to use Safe Mode to remove or disable components, restart your computer, press F8 to select Advanced Startup Options, and then select Safe Mode.

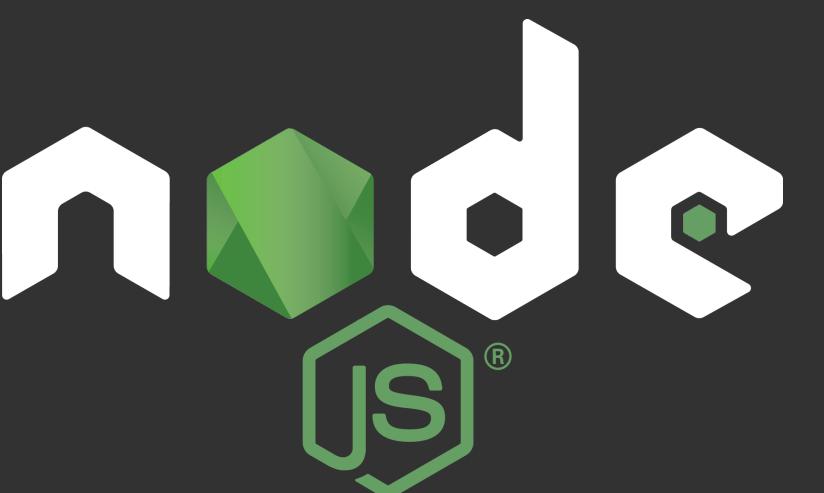

Technical information:

\*\*\* STOP: 0x00000050 (0xFD3094C2,0x00000001,0xFBFE7617,0x00000000)

\*\*\* SPCMDCON.SYS - Address FBFE7617 base at FBFE5000, DateStamp 3d6dd67c

# Can this be improved?

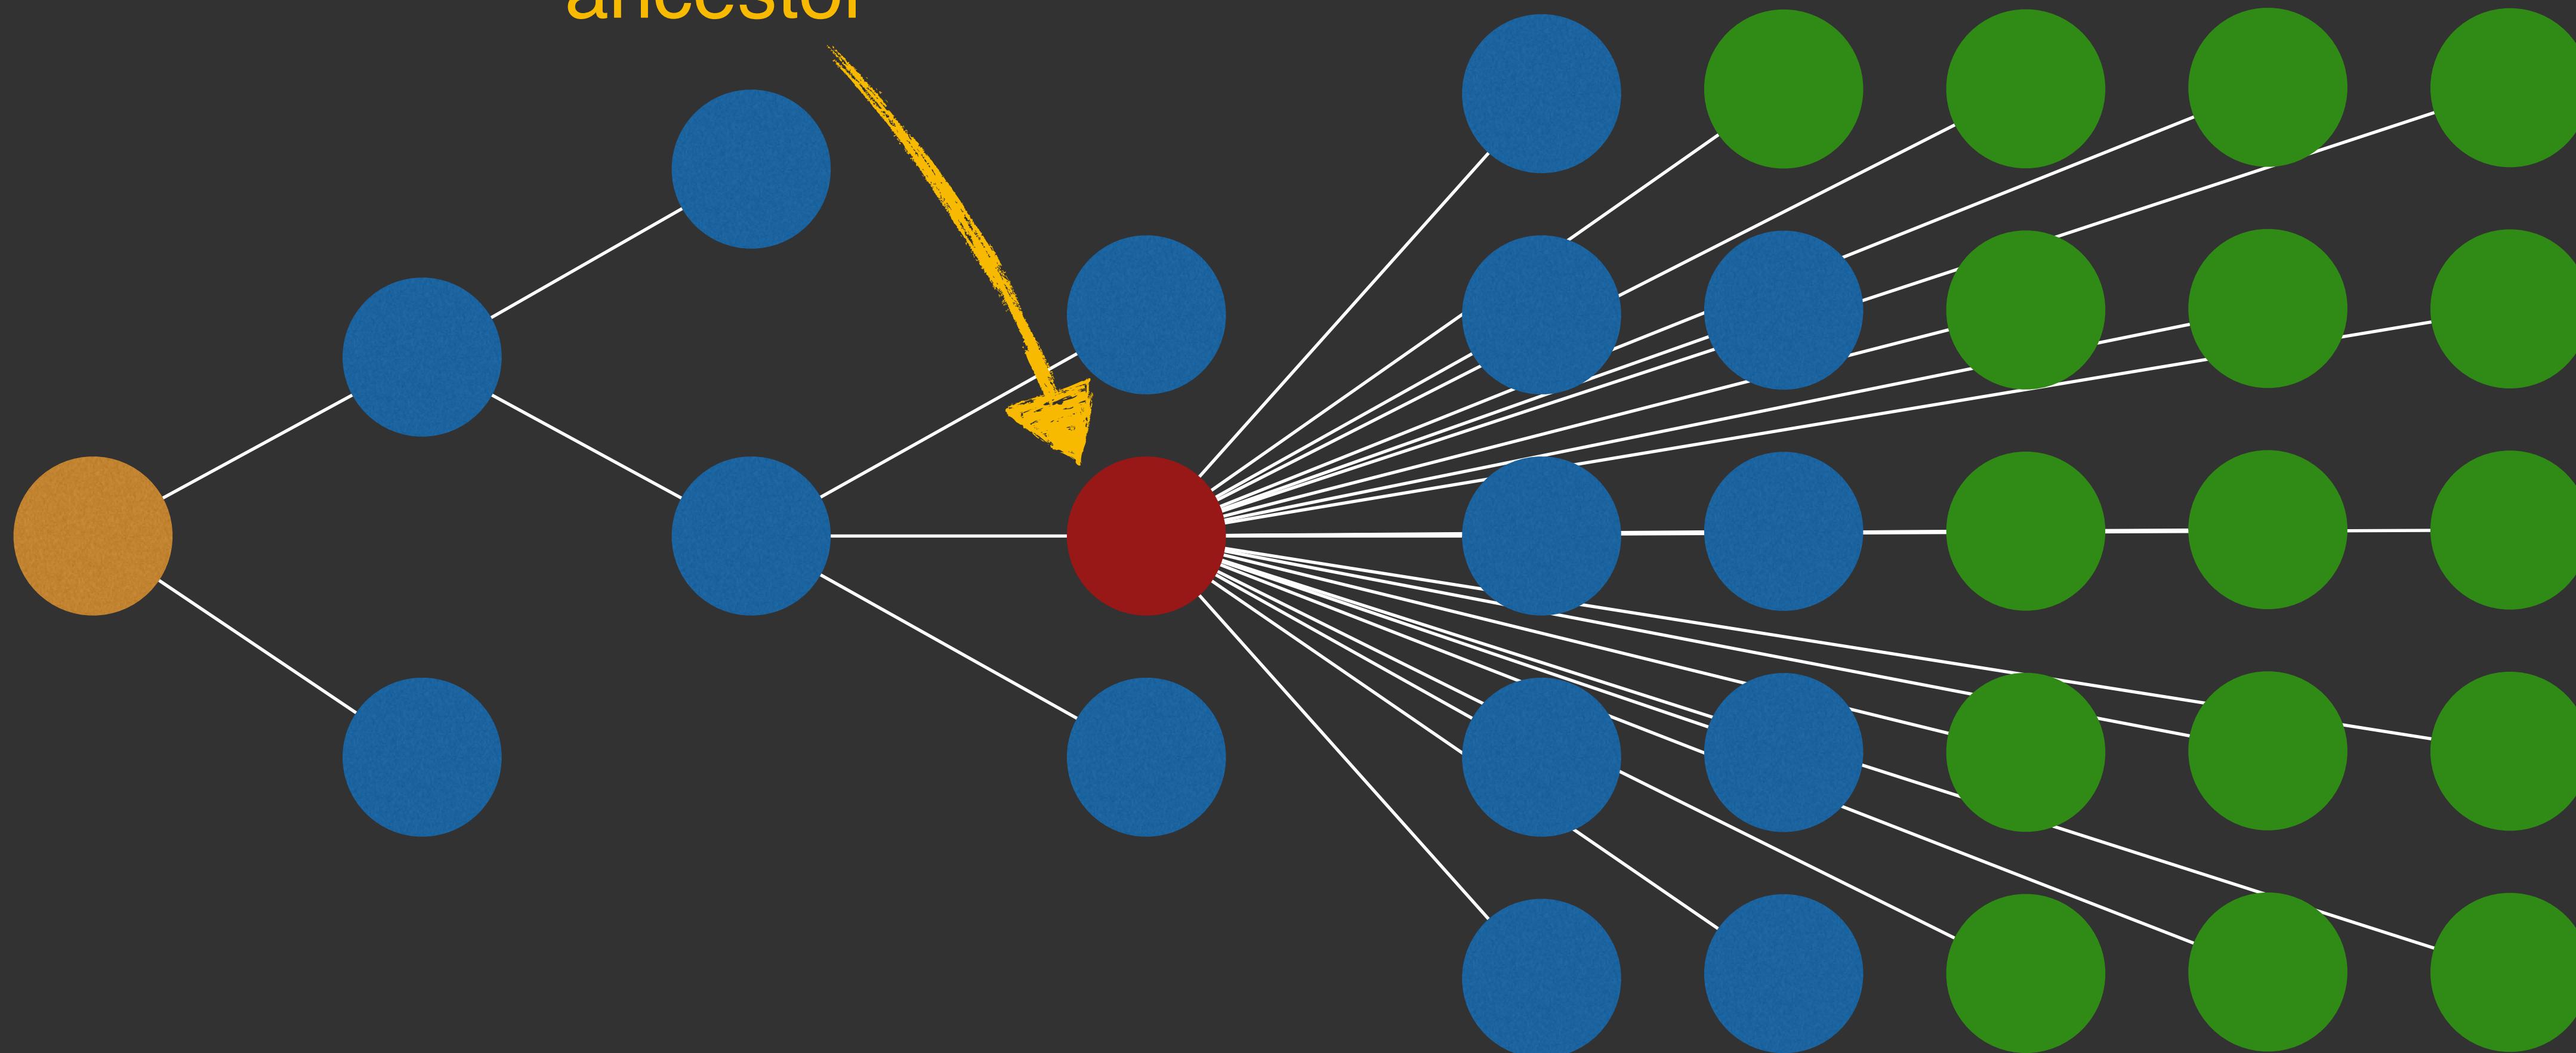

- Convert a core dump to a heap snapshot
- Allow user to trigger a gc + heap snapshot from outside the process

# Heap Dump Diffing

# Heap Dump Diffing

Find common  
ancestor

# Writing heap snapshots

```
kill -SIGUSR2 <pid>
```

```
process.on('SIGUSR2', () => {
  const { writeHeapSnapshot } = require('v8')
  console.log('Heap snapshot written:', writeHeapSnapshot())
})
```

*(For now, works only on Node.js 11.13.0+)*

# Make a diff

Load two  
heap snapshots

A vibrant photograph of a canal scene in Amsterdam. The foreground shows the dark water of the canal, with several boats, including a prominent red houseboat, reflected in it. The background is filled with a dense row of traditional Dutch houses, each with unique architectural details like gabled roofs, decorative facades, and bright colors such as red, yellow, and orange. Some houses have signs indicating they are hotels or restaurants. A tall, modern residential building with a grey facade and a small clock tower is visible among the older structures. The sky is overcast with soft, grey clouds.

Bedankt

@wa7son
